

## GRACE TO YOU

**A**mong Combs + Miguel Architecture's projects is the 50,000 square foot Grace To You books and tape distribution center. This two-story, tilt up concrete panel building contains a broadcasting and recording studio where sermons and tapes are recorded for worldwide broadcasting by this popular ministry. The building is

approached down a tree-lined drive where the entrance is emphasized by a shelter portico and porte cochere. The exterior of the building is visually organized with a thirteen-foot square module with a centralized six-foot square window pattern.
