

PARKWAY INFINITI

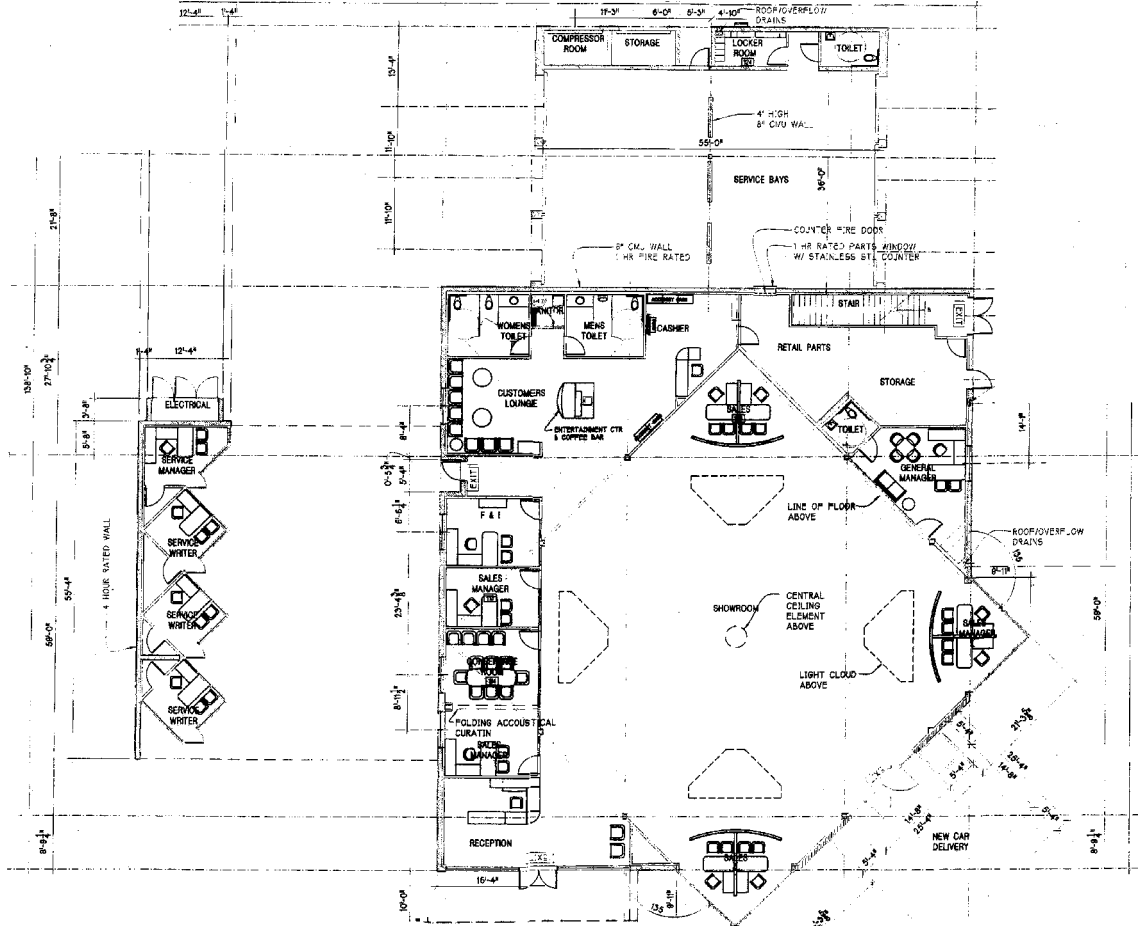

The sleek and smooth lines of Infiniti cars are complimented by this visually commanding building. A corner entrance leads into a large, admirably lit showroom that spotlights the vehicles via “light clouds”; a hanging light structure that gives the vehicles the best amount of light in a very stylish

way. An eye-catching stone tiled overhang that gives the building new texture and depth covers the Southern entrance. Ample space inside the building and out provides customers with room to roam about and explore the undeniably remarkable vehicles.
